Treyton Oak Towers ("Treyton Oak") filed a formal complaint with the Public Service Commission ("Commission") against South Central Bell Telephone Company ("SCB") seeking a ruling on appropriate placements and charges for residential directory listings, residential referencing service charges, and trunk and related trunk services charges. On January 13, 1986, the Commission issued an Order addressing the concerns of the complaint with the exception of charges for trunks and trunk related services. Decision on the issue of trunk charges was held in abeyance pending the final Order in Administrative Case No. 293,<sup>1</sup> which was dated November 16, 1986.

In accordance with this November 16, 1986, Order, SCB has filed tariffs for the provision of Shared Tenant Service ("STS"). The type of telecommunication services required by Treyton Oak of SCB is addressed fully by the new tariffs.
